1. Microsoft Dynamics NAV-Login to ERP System

To use the Microsoft Dynamics NAV ERP software, user first need to login with their respective login ID and password. To login the ERP, first click on the Blue icon Button highlighted in red mention below:

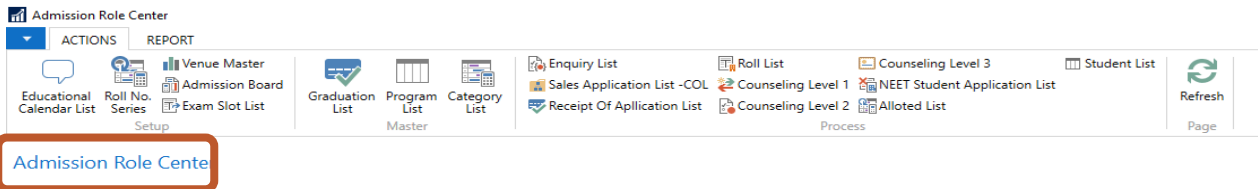

SCR 1.0 Microsoft Dynamics NAV Icon Button

After click the blue icon, the below screen will appears. You need to fill login details and password. This is required to enter into the ERP Software.

SCR 1.1 Microsoft Dynamics NAV Login ID and Password Screen

After all the above activities will get complete, the Admission Role centre will appears on the screen. In the action tab, all the transactions related buttons will appears whereas in report tab, all the reports based on the posted transactions will appears.

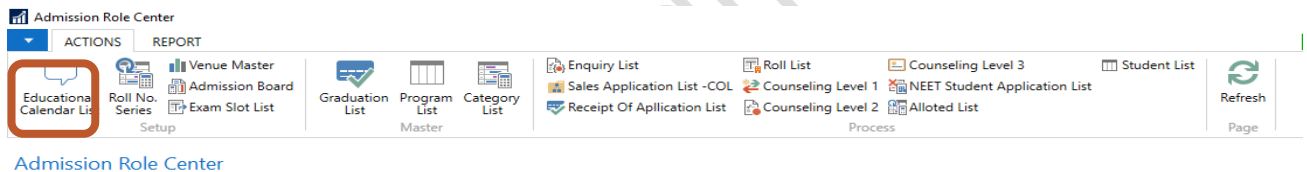

SCR 1.2 Microsoft Dynamics NAV Admission Role Centre

2. Admission Master-Section

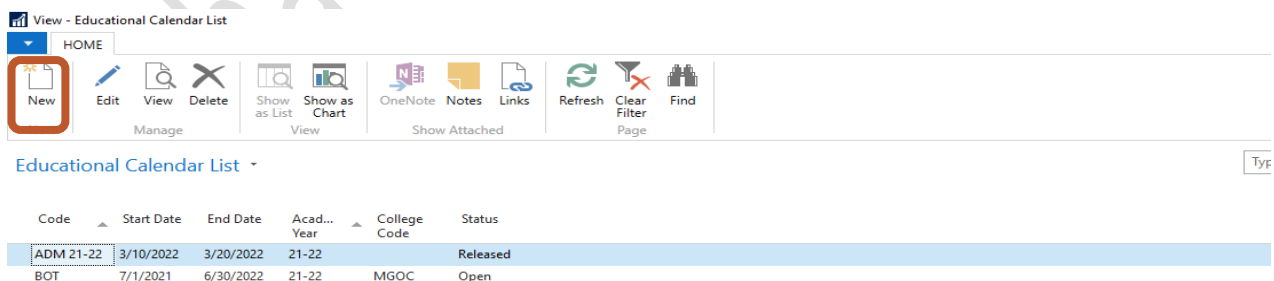

Admission masters are the masters which are used in the admission related transactions in Dynamics NAV. Masters are one time on admitted year wise process/activity which can be setup at initial stage. In Admission module, the following masters will maintain in the system:

2.1 Educational Calendar List

SCR 2.1.0 Microsoft Dynamics NAV Admission Role Centre

The list of all the event calendar related to the admission department will appears. User will prepare the event calendar based on the events applicable in the university.

SCR 2.1.1 Microsoft Dynamics NAV- Education calendar List

In the below screenshot, user can easily maintain and add the off days, create the events, view the event, generate the calendar master. The generated calendar will reflect in the event calendar card.

6. Roll List Process

The application money received from the students, the list of students shown in it. In this list, the user needs to define the student date, time and venue will be decided after clicking on the button "Set data for update". With activity, the roll no of the entrance exam will be generated. After it was locked, user clicks on send mail and sms. With this mail and sms sends to the respective student.

Through the export student in excel button, the user exports the excel and import by adding the marks in it.
